

L3

ARM AUTOMATIC LINEAR GATE OPERATORS

Self locking spindle for maximum stability

Built-in limit switch for easier installation

Smart plug-play control for comfort operation

Standard soft start & soft stop for smooth gate movement

Technical specifications

Power supply	230VAC/50Hz
Electric motor	12V
Absorbeb power	12W
Current	2A
Motor speed	5000RPM
Thrust	200N
Travel	12s
Protection Class	IP45
Temperature	-20°c-50°c
Max wight	200kg
Max width	2m
